key political events and social transformation that took place within this turbulent period, extending as far as their effects within the European colonial society of the Caribbean. Key features include analyses of the movement from society's old regime of orders to a civil society of property owners; the varied consequences of rapid population increase and the spread of market relations in the economy; and the upshot of these changes for political life, from violent revolutions and warfare to dramatic reforms and peaceful mass movements a lively account of the events of the period and a thorough analysis of the political, cultural and socioeconomic transformations that shaped them a look into the lives of ordinary people amidst the social and economic developments of the time a range of maps depicting the developments in Europe's geographic scope between 1789 and 1848, including for the 1820, 1830 and 1848 revolutions. Revolutionary Europe 1780-1850 is the perfect introduction for students of the history of the French Revolution and the history of Europe more broadly.

This volume seeks to get behind the surface of political events and to identify the forces which shaped politics and culture from 1680 to 1840 in Germany, France and Great Britain. The contributors, all leading specialists in the field, explore critically how 'culture',

Bookmark File PDF Christianity And Revolutionary Europe 17501830

defined in the widest sense, was exploited during the 'long eighteenth century' to buttress authority in all its forms and how politics infused culture. Individual essays explore topics ranging from the military culture of Central Europe through the political culture of Germany, France and Great Britain, music, court intrigue and diplomatic practice, religious conflict and political ideas, the role of the Enlightenment, to the very new dispensations which prevailed during and after the French Revolution and the Napoleonic watershed. The book will be essential reading for all scholars of eighteenth-century European history.

This authoritative collection offers a detailed overview of religious ideas, structures, and institutions in the making of Europe. Written by leading scholars in the field, it demonstrates the enduring presence of lived and institutionalised religion in the social networks of identity, policy, and power over two millennia of European history.

Explores the impact of the Enlightenment, the religious re-awakenings and revolution on the Christian church.

This volume examines the French Revolution's relationship with and

impact on religious communities and religion in a transnational perspective. It challenges the traditional secular narrative of the French Revolution, exploring religious experience and representation during the Revolution, as well as the religious legacies that spanned from the eighteenth century to the present. Contributors explore the myriad ways that individuals, communities, and nation-states reshaped religion in France, Europe, the Atlantic Ocean, and around the world.

Presents a guide to the issues related to religion and the state, including definitions, primary sources, important documents, research tools, organizations, and notable persons.

This book is a 2005 edition of Mack P. Holt's classic study of the French religious wars of the sixteenth and seventeenth centuries. Drawing on the scholarship of social and cultural historians of the Reformation, it shows how religion infused both politics and the socio-economic tensions of the period to produce a long extended civil war. Professor Holt integrates court politics and the political theory of the elites with the religious experiences of the popular classes, offering a fresh perspective on the wars and on why the French were willing to kill their neighbors in the name of religion. The book has been created specifically for undergraduates and general readers with

no background knowledge of either French history or the Reformation. This edition updates the text in the light of new work published in the decade prior to publication and the 'Suggestions for further reading' has been completely re-written.

The new edition of this popular textbook by leading theologian, Alister E. McGrath, will be essential reading for anyone wanting to understand the dynamics of the world's largest religion. Fully revised to include greater coverage of the Catholic perspective, contemporary issues, non-Western Christianity, globalization and women, this is a truly comprehensive, lively, and jargon-free introduction to Christianity. Written for beginners to this subject, and assumes no knowledge of Christian beliefs or practices. Includes an introduction to biblical sources and discussion of the central figure of Jesus. Features comprehensive discussions of Christian theology, the history of Christianity from its origins to the present day, and Christianity in the modern world. Increases coverage of contemporary issues, the Catholic perspective, non-Western Christianity, globalization and women Contains accessible and student-friendly features, including numerous illustrations, suggestions for further reading, a glossary of Christian terms, and brief readings from illustrative Christian sources.
