Collaborative Family-School Relationships for Children's

Family-school relationships should be focused on student progress and success. The reason for educators and families to cooperate, coordinate, and collaborate is to enhance learning opportunities, educational progress, and school success for students. Therefore, family-school interactions focus on what each partner can do to improve the development and learning of children and youth.

Collaborative Family School Relationships For Children S

The Value of Collaboration Home-school collaboration is an important step in supporting a child's positive engagement in the learning and social aspects of school life. Parents and schools have a common goal; to see children develop the skills for life and learning, to see children succeed, and to see children happy.

How to Achieve Home-School Collaboration

You can build a parent-school relationship in several ways: Be involved in the school community in whatever ways you can. Talk informally with teachers at school drop-off and pick-up times or by email or phone if this is more appropriate for you and the teacher. Go to parent-teacher interviews and parent meetings. Check the school website, noticeboard and emails regularly.
