comics, radio, and tv shows. Originally published in *Amazing Stories* in 1928, this novella was later combined with Nowlan's sequel, *The Airlords of Han*, and re-published under this same title in the 1960s. In *Armageddon 2419 A.D.*, we follow Buck Rogers and his mysterious transportation to far-future America. The

land has been conquered by the evil Han Empire centuries ago, and the local Americans, scattered into competing gangs, are now starting a rebellion. Buck meets the leaders of one of the gangs and is swept up in the events.

Since 1958 the Maritime Administration

has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in

training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardized up-to-date instruction manual was needed. The first manual was later revised to serve both as a

classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters
